

# bet sport com

A bet placed with a Bonus Bet will pay out the winnings minus the Bonus

Bet stake. For example,

if you placed a \$20 Bonus Bet at odds of \$10 your

winnings would be \$180. This is

calculated by multiplying the stakes by the odds ( $\$20 \times \$3 = \$60$ )

minus the stake of the bet ( $\$100 - \$40 = \$60$ )
